

Recent Vehicle Thefts
Jun 06, 2011

Good Morning Neighborhood Watch Captains,

I hope everyone had a wonderful and relaxing weekend! I wanted to advise you all of a couple of recent vehicle thefts that were reported over the weekend. We received reports of a 1999 Toyota Corolla plate "983RFC" being stolen from the neighborhood north west of Oakwood Rd and Witzel Rd. There was also a 2007 GMC Denali with a packer plate of "ELI0TT" stolen from Horseshoe Rd just west of the above neighborhood on Cty Rd E. This is very unusual for our jurisdiction and I am hoping this isn't the start of something very serious. Please remind all of your watch members to keep their cars locked whether it is in the drive way or garage and to NOT leave the keys in the vehicle. Both vehicles had their keys sitting in them and they were unlocked. If you come across these vehicle, call 911 and do NOT try to make contact with them. If you have any questions or would like any more information please let me know.
