

Information the Community Programs Coordinator from Winnebago County Sheriff's Department
Oct 13, 2011

Deputy Erica Geschrei

Community Programs Coordinator

Winnebago County Sheriff's Office

I wanted to advise you all of something innocent and fun that can be turned into something very dangerous. For anyone who takes pictures from your phone and posts them to social networking sites, you need to be aware of the dangers. Individuals are able to trace the picture to the exact location and time it was taken. Watch this video for more information: <http://www.youtube.com/watch?v=N2vARzvWxwY> At the end of the video they tell you how to set your phone so you don't run this risk.

If you could please put this information on your websites, as well as, pass it on to anyone you know that could benefit from it that would be great!
