

Well Abandonment cost share funding
Sep 24, 2016

Memorandum

To: Towns and Municipalities in Winnebago County

From: Tom Davies, Director, Winnebago County Land and Water Conservation Department (LWCD)

Date: 9/21/2016

Re: Well Abandonment cost share funding

Hello All,

Due to numerous project applications the Winnebago County Water Quality Improvement Program (WCWQIP) is close to exhausting the funds budgeted for 2016. Please advise your constituents doing well abandonments that we will continue to accept applications for cost sharing, but it may be a few months before we know if and when they will receive funding for their project.

Participants must wait until they have a completed Cost Share Agreement with the LWCD before doing their project in order to remain eligible for the cost share payment.

It would be best to have them call our office at the numbers below so we can explain the current situation and what they need to do to remain eligible for assistance.

920-232-1950 or 920-727-8642

Thank you,

Tom Davies, Director, LWCD
